| Date Funded (first funding): | Nov 21, 2008 | City: | Phoenix |
| Date Repaid[1]: | N/A | State: | Arizona |

[1]If repayment was incremental, please enter the most recent repayment date.

*American taxpayers are quite interested in knowing how banks have used the money that Treasury has invested under the Capital Purchase Program (CPP) and Community Development Capital Initiative (CDCI). To answer that question, Treasury is seeking responses that describe generally how the CPP/CDCI investment has affected the operation of your business. We understand that once received, the cash associated with TARP funding is indistinguishable from other cash sources, unless the funds were segregated, and therefore it may not be feasible to identify precisely how the CPP/CDCI investment was deployed or how many CPP/CDCI dollars were allocated to each use. Nevertheless, we ask you to provide as much information as you can about how you have used the capital Treasury has provided, and how your uses of that capital have changed over time. Treasury will be pairing this survey with a summary of certain balance sheet and other financial data from your institution's regulatory filings, so to the extent you find it helpful to do so, please feel free to refer to your institution's quarterly call reports to illustrate your answers. This is your opportunity to speak to the taxpayers in your own words, which will be posted on our website.*

What specific ways did your institution utilize CPP/CDCI capital? Check all that apply and elaborate as appropriate, especially if the uses have shifted over time. Your responses should reflect actions taken over the past year (or for the portion of the year in which CPP/CDCI funds were outstanding).

|---|---|---|
| ☒ | Increase lending or reduce lending less than otherwise would have occurred. | The Company originated $964 million in new loans during 2010. Total loans increased $161 million to $4.24 billion at December 31, 2010. Unused loan commitments as of December 31, 2010, were approximately $1.0 billion. |
| ☒ | To the extent the funds supported increased lending, please describe the major type of loans, if possible (residential mortgage loans, commercial mortgage loans, small business loans, etc.). | By category, loan originations were as follows (millions): $436 commercial real estate, $388 small and middle-market business loans, $85 real estate development, $55 residential real estate and other consumer loans. |
| ☒ | Increase securities purchased (ABS, MBS, etc.). | During 2010, the Company purchased $1,835 million in securities. Securities held during the period increased $425 million. |

| | |
|---|---|
| ☐ Make other investments | |
| ☐ Increase reserves for non-performing assets | |
| ☐ Reduce borrowings | |
| ☐ Increase charge-offs | |
| ☐ Purchase another financial institution or purchase assets from another financial institution | |
| ☐ Held as non-leveraged increase to total capital | |

What actions were you able to avoid because of the capital infusion of CPP/CDCI funds?

What actions were you able to take that you may not have taken without the capital infusion of CPP/CDCI funds?

Please describe any other actions that you were able to undertake with the capital infusion of CPP/CDCI funds.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1505-0222. The time required to complete this information collection is estimated to average 80 hours per response.
