**MEMORANDUM FOR DAVID A. LEBRYK, COMMISSIONER  
BUREAU OF THE FISCAL SERVICE**

**FROM:** Michael Fitzgerald  
Director, Financial Audits

**SUBJECT:** Report on the Bureau of the Fiscal Service  
Trust Fund Management Branch Schedules for  
Selected Trust Funds as of and for the  
Year Ended September 30, 2013

I am pleased to transmit the attached Report on the Bureau of the Fiscal Service Trust Fund Management Branch (TFMB) Schedule of Assets and Liabilities and the related Schedule of Activity of Selected Trust Funds as of and for the year ended September 30, 2013 (the Schedules). Under a contract monitored by the Office of Inspector General, KPMG LLP, an independent certified public accounting firm, performed an examination of TFMB's assertions pertaining to the Schedules as of and for the year ended September 30, 2013. These Schedules relate solely to the functions performed by TFMB as custodian of the following Trust Funds' monies and investments:

- Federal Supplementary Medical Insurance Trust Fund,
- Federal Hospital Insurance Trust Fund,
- Highway Trust Fund,
- Airport and Airway Trust Fund,
- Hazardous Substance Superfund Trust Fund,
- Leaking Underground Storage Tank Trust Fund,
- Oil Spill Liability Trust Fund,
- Harbor Maintenance Trust Fund,
- Inland Waterways Trust Fund, and
- South Dakota Terrestrial Wildlife Habitat Restoration Trust Fund

The contract required that the examination be performed in accordance with generally accepted government auditing standards and the attestation standards established by the American Institute of Certified Public Accountants.

Page 2

In its examination of TFMB's assertions pertaining to the Schedules, KPMG LLP, found that TFMB's assertions (which are included in the Independent Accountants' Report on Management's Assertions) are fairly stated, in all material respects, based on the measurement and disclosure criteria set forth in Note 1 to the Schedules.

In connection with the contract, we reviewed KPMG LLP's report and related documentation and inquired of its representatives. Our review, as differentiated from an examination of assertions in accordance with generally accepted government auditing standards, was not intended to enable us to express, and we do not express, an opinion on TFMB's assertions. KPMG LLP is responsible for the attached independent accountants' report dated December 5, 2013, and the conclusions expressed in the report. However, our review disclosed no instances where KPMG LLP did not comply, in all material respects, with generally accepted government auditing standards.

## **Independent Accountants' Report on Management's Assertions**

Inspector General, U.S. Department of the Treasury, and  
Commissioner, Bureau of the Fiscal Service:

We have examined the following assertions of the Trust Fund Management Branch (TFMB) of the Bureau of the Fiscal Service (Fiscal Service) of the U.S. Department of the Treasury (Treasury) with respect to the applicable accounts of each trust fund included on the accompanying Schedule of Assets and Liabilities of Selected Trust Funds as of September 30, 2013, and the related Schedule of Activity of Selected Trust Funds for the year then ended (Schedules):

- Fund balance with Treasury is reported based on the balance reported by Treasury's Fiscal Service in the Government-wide Accounting's (GWA) Central Accounting and Reporting System (CARS) Account Statement and reconciling transactions identified and recorded by TFMB.
- Interest receivables are calculated and reported by TFMB based on the investment terms received and recorded by TFMB from Fiscal Service's Federal Investments Branch (FIB) in the investment confirmations and monthly statements of account.
- Other receivables are reported based on amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.
- Investments, net are calculated and reported at net cost based on the cost and premium/discount amounts reported to TFMB in the investment confirmations and monthly Statements of Account received from FIB.
- The market value of investments is calculated and reported by TFMB using the recorded investment cost and the market rates published in the September 30, 2013, Treasury Quote file and unrealized gains and losses are calculated and reported by TFMB as the difference between the market value and the investments, net.
- Program agency equity is calculated and reported by TFMB based on the assets of the trust fund.
- Available program agency equity is reported based on amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.
- Other program agency equity is calculated and reported by TFMB as the difference between the assets of the trust fund and the available program agency equity received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.
- Interest revenue is reported based on the amounts received and recorded by TFMB from FIB in the monthly statements of account and accrued interest and amortization calculated by TFMB. Amortization of any premiums and discounts on investments is calculated and reported by TFMB based on the investment terms reported to TFMB by FIB using the straight-line method for

investments with a term equal to or less than one year and using the level yield method which approximates the interest method for investments with a term of greater than one year.

- Penalties, fines, administrative fees, transfers in from program agencies, premiums, cost recoveries, and other income are reported based on the amounts received and recorded by TFMB from Fiscal Service's GWA and the program agencies responsible for the respective trust fund activity.
- Tax revenues, tax adjustments, and tax refunds are reported based on the amounts received and recorded by TFMB from Treasury's Office of Tax Analysis, Internal Revenue Service, Fiscal Service's GWA, and U.S. Customs and Border Protection.
- Transfers to program agencies are calculated and reported based on the disbursement request amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity and the disbursement amounts returned and recorded by TFMB from the program agencies responsible for the respective trust fund activity.
- Reimbursements to Fiscal Service and the General Fund are reported based on the disbursement request amounts received and recorded by TFMB from various Fiscal Service offices.

TFMB's management is responsible for the assertions. Our responsibility is to express an opinion on these assertions based on our examination. Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA) and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States and, accordingly, included examining on a test basis, evidence supporting the assertions stated above and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, TFMB's assertions referred to above relating to the applicable accounts of each trust fund reported on the accompanying Schedule of Assets and Liabilities of Selected Trust Funds as of September 30, 2013, and the related Schedule of Activity of Selected Trust Funds for the year then ended, are fairly stated, in all material respects, based on the measurement and disclosure criteria set forth in Note 1 to the Schedules of Selected Trust Funds.

This report is intended solely for the information and use of the management of the Bureau of the Fiscal Service, program agencies responsible for their respective trust fund activity, the U.S. Department of the Treasury Office of Inspector General, the Office of Management and Budget, the Government Accountability Office, and the U.S. Congress, and is not intended to be and should not be used by anyone other than these specified parties.

**IV. NOTES TO THE SCHEDULES OF  
SELECTED TRUST FUNDS**

**U.S. DEPARTMENT OF THE TREASURY**  
**BUREAU OF THE FISCAL SERVICE TRUST FUND MANAGEMENT BRANCH**

Notes to the Schedules of Selected Trust Funds

September 30, 2013

**(1) Summary of Significant Accounting Policies**

**(a) Reporting Entity**

The accompanying Schedule of Assets and Liabilities of Selected Trust Funds and related Schedule of Activity of Selected Trust Funds (Schedules) pertain to the aspects of certain Treasury-managed Trust Funds that are serviced by the Trust Fund Management Branch (TFMB) of the Bureau of the Fiscal Service (Fiscal Service) of the U.S. Department of the Treasury (Treasury). The Trust Funds were created by legislation enacted by the U.S. Congress.

TFMB acts as a service organization which processes receipts, disbursements, and transfers related to the trust funds based upon information received and recorded by TFMB from Treasury's Office of Tax Analysis (OTA) and the Internal Revenue Service (IRS), U.S. Customs and Border Protection, the program agencies responsible for their trust fund activity, and other Treasury bureaus and offices. As part of its functions, Fiscal Service also manages the investments, maintains related accounting records and supporting documentation, and reports financial activity. The financial activity reported in these Schedules is limited to the activities performed by TFMB.

The program agencies are responsible for administering, regulating, and monitoring the program activities funded by the trust funds. The program agencies make all decisions regarding dispositions from the trust funds. As such, these Schedules do not include information regarding the ultimate disposition of amounts transferred from the trust funds to the program agencies.

**(b) Basis of Presentation**

The Schedules have been prepared to report the assets and liabilities of the trust funds under the function performed by TFMB, and the related activity, in accordance with the measurement and criteria discussed below.

**(c) Basis of Accounting**

The Schedules are prepared using the accrual basis of accounting in accordance with U.S generally accepted accounting principles.

**(d) Fund Balance with Treasury**

The Trust Funds do not maintain cash in commercial bank accounts. Treasury processes cash receipts and disbursements. Fund Balance with Treasury represents net revenue, disposition of revenue, and investment activity. Fund balance with Treasury is reported based on the balance reported by Treasury's Fiscal Service in the Government-wide Accounting's (GWA) Central Accounting and Reporting System (CARS) Account Statement and reconciling transactions identified and recorded by TFMB. A transfer to a program agency caused a fund to report a negative fund balance with Treasury (see Note 1k).

**U.S. DEPARTMENT OF THE TREASURY**  
**BUREAU OF THE FISCAL SERVICE TRUST FUND MANAGEMENT BRANCH**

Notes to the Schedules of Selected Trust Funds

September 30, 2013

**(e) Interest Receivables**

Interest receivables are calculated and reported by TFMB based on the investment terms received and recorded by TFMB from Fiscal Service's Federal Investments Branch (FIB) in the investment confirmations and monthly statements of account.

**(f) Other Receivables**

Other receivables are reported based on amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.

**(g) Investments, Net**

Pursuant to authorizing legislation, the Secretary of the Treasury shall invest, at the direction of the program agencies, such portion of the trust fund balances as is not, in the judgment of the program agencies, necessary to meet current withdrawals. Such investments shall be in non-marketable par value or non-marketable market-based securities as authorized by legislation. Par value securities are special issue bonds or certificates of indebtedness that bear interest determined by legislation or the Treasury. Market-based securities are Treasury securities that are not traded on any securities exchange, but mirror the prices of marketable securities with similar terms. Both par value and market-based securities are issued and redeemed by FIB.

TFMB follows Treasury fiscal investment policy guidelines. TFMB determines the term of the securities purchased based on direction provided by the program agencies. The securities are acquired and held in the name of the Secretary of the Treasury for the trust funds. The interest on and proceeds from the sale or redemption of any security held for the trust funds are credited to the appropriate trust fund. Investments are selected for liquidation based on the following order: earliest maturity date, lowest prevailing interest rate, and first security in first security out.

Investments, net are calculated and reported at net cost based on the cost and premium/discount amounts reported to TFMB in the investment confirmations and monthly statements of account received from FIB. The market value of investments is calculated and reported by TFMB using the recorded investment cost and the market rates published in the September 30, 2013 *Treasury Quote* file (the last work day of the fiscal year) and unrealized gains and losses are calculated and reported by TFMB as the difference between the market value and the investments, net. The investments are exposed to various risks such as interest rate and market risks. Such risks, and the resulting investment market values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that material changes to the market values of the investments will occur in the near term.

**(h) Available and Other Program Agency Equity**

Program agency equity is calculated and reported by TFMB based on the assets of the trust fund. Program agency equity consists of available and other program agency equity.

Available program agency equity represents the amount of program agency equity that may be transferred as of September 30, 2013 to the program agencies at the request of the program agencies.

**U.S. DEPARTMENT OF THE TREASURY**  
**BUREAU OF THE FISCAL SERVICE TRUST FUND MANAGEMENT BRANCH**

Notes to the Schedules of Selected Trust Funds

September 30, 2013

Available program agency equity is reported based on amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.

The remaining balance of program agency equity is reported as other program agency equity. Other program agency equity is calculated and reported by TFMB as the difference between the assets of the trust fund and the available program agency equity received and recorded by TFMB from the program agencies responsible for the respective trust fund activity.

**(i) Interest Revenue**

Interest revenue is reported based on the amounts received and recorded by TFMB from FIB in the monthly statements of account and accrued interest and amortization calculated by TFMB. Amortization of any premiums and discounts on investments is calculated and reported by TFMB based on the investment terms reported to TFMB by FIB using the straight-line method for investments with a term equal to or less than one year and using the level yield method which approximates the interest method for investments with a term of greater than one year.

**(j) Revenues**

Pursuant to authorizing legislation, revenue activity recorded in the trust funds consists primarily of interest, penalties, fines, administrative fees, transfers in from program agencies, tax revenues, tax adjustments, tax refunds, premiums, cost recoveries, and other income, which are transferred from the General Fund of the Treasury or from program agencies to the Trust Funds.

Penalties, fines, administrative fees, transfers in from program agencies, premiums, cost recoveries, and other income are reported based on the amounts received and recorded by TFMB from Fiscal Service's GWA and the program agencies responsible for the respective trust fund activity.

Tax revenues, tax adjustments, and tax refunds are reported based on the amounts received and recorded by TFMB from Treasury's Office of Tax Analysis (OTA), Internal Revenue Service, Fiscal Service's GWA, and U.S. Customs and Border Protection. OTA estimates the tax revenues each month based on projected tax receipts and provides the estimates to Fiscal Service's Budget Reports Division. Fiscal Service's Budget Reports Division transfers the amount of estimated taxes to the trust fund accounts. The IRS or program agencies generally certify the tax revenues within two quarters after the taxes are estimated (i.e., 1<sup>st</sup> quarter estimate is certified in the 3<sup>rd</sup> quarter) and provide this certification to Fiscal Service's Budget Reports Division. Fiscal Service's Budget Reports Division calculates the tax adjustment as the difference between the taxes estimated by OTA and taxes certified by the IRS/program agencies and adjusts the trust fund accounts accordingly. Fiscal Service's Budget Reports Division reports the tax adjustments to TFMB. As a result of the timing of the certifications, the Schedule of Activity includes certified tax revenues (i.e. actual tax revenues) for the first three quarters of the fiscal year and estimated tax revenues for the last quarter of the fiscal year.

**(k) Transfers to Program Agencies**

Dispositions from the Trust Funds are made in accordance with the authorizing legislation to the program agencies, which are responsible for the ultimate disposition of such funds, to cover program

administration and related costs as defined by law. Transfers to program agencies are calculated and reported based on the disbursement request amounts received and recorded by TFMB from the program agencies responsible for the respective trust fund activity and the disbursement amounts returned and recorded by TFMB from the program agencies responsible for the respective trust fund activity.

**(1) Reimbursements to Treasury Bureaus and the General Fund**

In the case of certain trust funds, Fiscal Service is authorized by law to receive direct reimbursement from the trust funds for certain administrative expenses. Also, the Secretary of the Treasury is directed by law to charge trust funds to reimburse the General Fund for administrative expenses incurred by other Treasury bureaus in performing activities related to administering the trust funds. These reimbursement amounts are determined by Treasury based on its assessment of the estimated cost of the services provided. Reimbursements to Fiscal Service and the General Fund are reported based on the disbursement request amounts received and recorded by TFMB from various Fiscal Service offices.

**(4) Related Parties**

TFMB, on behalf of the Secretary of the Treasury, compiles amounts deposited into the trust funds, invests receipts in Treasury securities, redeems securities and transfers funds to the program agencies, maintains accounting records for receipts and disbursements of the trust funds, and reports trust fund financial activity to the program agencies and other interested parties. The program agencies, OTA, IRS, and Fiscal Service's Budget Reports Division determine the amounts to be deposited in the trust funds. The program agencies determine the disposition of the trust fund balances.
