Purpose

This shutdown plan provides policy guidance and instructions for actions to be taken by the Treasury Inspector General for Tax Administration (TIGTA) when Congress fails to enact regular appropriations, a continuing resolution, or supplemental appropriation bills, resulting in an interruption of appropriated funds available to continue TIGTA's operations.

Background

The Attorney General issued two opinions in the early 1980s that the language and legislative history of the Antideficiency Act unambiguously prohibits agency officials from incurring obligations in the absence of appropriations ("Applicability of the Antideficiency Act Upon a Lapse in an Agency's Appropriations" (1980) and "Authority for the Continuance of Government Functions During a Temporary Lapse in Appropriations" (1981)). The Office of Legal Counsel of the Department of Justice issued an opinion dated August 16, 1995, that reaffirms and updates the 1981 opinion. In general:

- Employees of affected agencies performing non-excepted activities (as discussed in the Department of Justice opinions) may not perform any services other than those involved in the orderly suspension of non-excepted activities; excepted activities that may be continued are generally those that are authorized by law or that protect life and property;
- Agencies may not permit voluntary performance of non-excepted services; and
- Agency heads make the determinations that are necessary to operate their agencies during an appropriations hiatus (within the guidance established by the Department of Justice opinions and pursuant to normal agency processes for the resolution of issues of law and policy).

Information Required by OMB Circular A-11

1. An estimated time (to the nearest half day) to complete shutdown activities	Not in excess of half a day
2. Total number of agency employees expected to be on-board before implementation of the plan	766
3. Total number of employees to be retained under the plan for each of the following categories: a. Their compensation is financed by a resource other than annual appropriations; b. They are necessary to perform activities expressly authorized by law; c. They are necessary to perform activities necessarily implied by law;	a. 1* b. 0 c. 19

d. They are necessary to the discharge of the President's constitutional duties and powers; or e. They are necessary to protect life and property.	d. 1 e. 276**
---	------------------

* This number represents employees hired under American Recovery and Reinvestment Act of 2009.

** This number may fluctuate slightly depending on the actual threat environment at the time of shutdown and IRS operational requirements.

SHUTDOWN PLAN REQUIREMENTS

Shutdown Preparation

Bureau Contact: Name, phone number and fax number for TIGTA for shutdown planning and coordination is: Margaret E. Begg, Associate Inspector General for Mission Support (AIGMS)/Chief Financial Officer (CFO), Margaret.Begg@tigta.treas.gov, 202-622-5959, 202-622-5624 (fax), in consultation with the Inspector General (IG) and Principal Deputy Inspector General.

TIGTA is primarily a law enforcement organization, which means that any numeric breakdown of functions will depend significantly on the threat environment at the time of the shutdown. The numbers represented herein are a best professional estimate in theory—in practice the numbers may vary. We anticipate full cessation of audits, inspections and evaluations during the shutdown period.

Current List of Functions

A list of “excepted” and “non-excepted” organizational functions are included as Attachment B. Definitions include:

“Excepted” Activities are those where positions would not be furloughed as a result of a shutdown, per one of the below statutory exceptions:

1. Funded by other than annual appropriated funds: Some functions are covered by a multi-year, no-year and revolving funds or advance appropriation and, thus, would not be affected by an annual appropriation lapse.
2. Authorized by necessary implication: Certain activities could be implicitly authorized because of their connection with other operations which are mandated to continue by law or for which funds otherwise continue to be available.
3. Necessary for safety of human life or protection of property: The Budget Enforcement Act of 1990 amends Section 1342 of Title 31 of the United States Code to make clear that regular, on-going functions whose suspension would not pose an imminent threat to life and property would not qualify as excepted activities. The risk to life or property must be real, not hypothetical, so that a delay in activities is not permissible. In particular, administrative, research and other overhead activities supporting excepted activities should be carefully reviewed to make certain their continuance is essential to carrying out such activities.
4. Discharge of the President’s Constitutional duties: There are some Executive branch functions that are considered instrumental in the performance of the President’s constitutionally assigned duties.

5. Necessary for the orderly shutdown of functions: Agencies may obligate funds during periods of lapsed appropriations to bring about the orderly shutdown of non-excepted activities. Contingency plans which call for winding down operations of an agency after an appropriations lapse should be consistent with the Antideficiency Act. At the same time, the activities of employees during this period must be wholly devoted to shutting down the function and, upon completion, these employees would be released.

“Non-Excepted” Activities are all other functions than those designated as “excepted” above. Employees in these positions would be furloughed, where “excepted” employees would remain on duty. This could also include employees that may have to be recalled at a later date, if the furlough continues for more than a week.

Employee Notification Procedures

Employees will be advised of the potential shutdown of operations and their “excepted” or “non-excepted” status prior to the implementation phase of shutdown. See detailed information below on shutdown notification.

Employees will be assured that should a shutdown be necessary, their health and life insurance coverage will not be affected. Employees may arrange to pay their portion of the health benefit costs on an on-going basis or upon their return to duty.

Shutdown Implementation

Shutdown Procedures

- When a lapse occurs, all normal operations will cease and all further efforts will be devoted solely to closing down operations, protecting human life and health, protecting Government property, and performing essential operations for outside agencies whose operations must continue. Management will determine the number of employees required to do this work and **this work only**. These activities are typical of those identified with the “excepted” category.
- Routine operations already in process at the time the lapse begins should be carried forward to completion, or to a point where they can safely be interrupted, in order to avoid losing the investment in the work which has already started. The invested work is a form of Government property which should be protected from loss.
- Employees in travel status will be notified by management, whether to return home or to continue with their off-site business.
- Managers should advise employees who are scheduled to be on annual, sick, court, or military leave that if a lapse in appropriations occurs while they are on leave, their leave will be cancelled and they will be placed in a furlough status. According to 5 CFR § 752.402(c), a furlough means: “the placing of an employee

in a temporary status without duties and pay because of lack of work or funds or other non-disciplinary reasons.”

- All functions will shut down as required by law. Upon notification of the shutdown, specific names will be provided based on the role individuals play in the emergency programs, open/active threat cases, and other sensitive investigations TIGTA has ongoing at the time of the shutdown as these issues drive which Special Agent will stay on duty and provide for the needed coverage.
- If a lapse in appropriations is likely to occur, the following actions will be taken within four hours:

1. Upon receiving official notice of a lapse in appropriations, the Associate Inspector General for Mission Support will:

- a. Notify, immediately, the Inspector General and the Principal Deputy Inspector General;
- b. Give the Office of Human Capital approval to validate TIGTA’s lists of excepted and non-excepted positions;
 - i. The Office of Human Capital will validate this list with the responsible function head;
- c. Initiate the TIGTA phone tree to ensure that all function heads and employees are notified that the shutdown will occur;
- d. Initiate the generation and mailing of official written notifications for all affected employees; and
- e. Provide a list of employees, not affected by the furlough, to the Bureau of Public Debt (BPD) Administrative Resources Center (ARC) at TreasuryProcessingInquiries@bpd.treas.gov.

2. Other actions that will be taken include:

- a. The Deputy Inspector General for Investigations will activate the TIGTA Emergency Information Line, **(202) 927-7186**. This information line will include a scripted message that provides instructions to all employees;
- b. The scripted message will be periodically updated as appropriate; and
- c. The Chief Information Officer (CIO) will coordinate activities with the Office of Mission Support (OMS) and the Office of Investigations (OI) to restrict access to all systems for furloughed employees except to check on TIGTA operational status and obtain instructions.

3. See Attachment A, Actions Required to Plan for Lapse in Appropriation of Funds, for a complete list of actions required to plan for a shutdown.

- Actions necessary to transfer real and personal property will require some coordination, within TIGTA and between those agencies associated with TIGTA, as to what action may be continued according to law.

Recall of Furloughed Employees During a Shutdown

Due to the nature of a position, employees may be recalled for a full or limited duration during a shutdown. After determination of this necessity by the Inspector General or Principal Deputy Inspector General, contact of recalled employees will be made by the appropriate function head via telephone.

Reactivation of Functions Following a Shutdown

Functions are reactivated when funds are appropriated for TIGTA to continue its mission. This means that all employees are expected to return to work. It is often impossible to notify all employees that they should return to work on short notice. In this event, managers will inform their employees that they should stay tuned to the media for information. Other sources of communications will be made available such as:

1. TIGTA Hotline;
2. TIGTA phone tree; and
3. TIGTA Emergency Information line.

MEMORANDUM FOR ALL EMPLOYEES IN THE CAREER
SENIOR EXECUTIVE SERVICE

FROM: [enter from text]

SUBJECT: Notice of Furlough

In the absence of either a Fiscal Year (FY) 2014 appropriation or a continuing resolution for the Department of the Treasury and the Treasury Inspector General for Tax Administration (TIGTA), no further financial obligations may be incurred by TIGTA, except for those related to the orderly suspension of TIGTA's operations or performance of excepted activities as defined in the [Office of Management and Budget memorandum for Heads of Executive Departments and Agencies dated November 17, 1981](#) and guidance issued by the Department of Justice, Office of Legal Counsel. Because your services are no longer needed for orderly suspension of operations and you are not engaged in one of the excepted functions, you are being placed in a furlough status effective _____. This furlough (*i.e.*, non duty status) is not expected to exceed 30 days. Therefore, this furlough notice expires effective _____. You should listen to public broadcasts and when you hear that a continuing resolution or a FY 2014 appropriation for the Department of the Treasury has been approved, you will be expected to return to work on your next regular duty day.

Congress' failure to fund the Agency's work in a timely manner and the resulting curtailment of the Agency's activities qualifies as an emergency. Thus, no advance notification is possible. The customary 30-day advance notice period and opportunity to answer are suspended under the provisions of 5 CFR § 359.806(a).

If employees are being retained in your competitive level, they are required for orderly suspension of agency operations or they are performing one of the excepted activities defined in the OMB memorandum.

During the furlough period, you will be in a non pay, non duty status. Also, during the furlough, you may not work at your workplace or other alternative worksite unless and until recalled. You will not be permitted to serve as an unpaid volunteer at the Agency. Any paid leave (annual, sick, court, etc.) approved for use during the furlough period is cancelled.

Senior Executive Service career appointees adversely affected may appeal this action to the Merit Systems Protection Board (MSPB). Employees have a right to representation in this matter and may be represented by an attorney or other person of their choosing.

If you have the right of appeal to MSPB and wish to appeal this action to the MSPB, you must file the appeal within 30 calendar days after the effective date of your furlough. If you wish to file an appeal, you may obtain information about the appeals process and a copy of the appeals form from the MSPB at <http://www.mspb.gov/appeals/appeals.htm>. MSPB requires an appeal be filed with the MSPB regional or field office serving the area where your duty station was located when the action was taken. If you do not have Internet access, please contact Terri Simmons at (202) 622-3195, for a copy of the MSPB regulations and appeal form.
