Loan Refinancing Assistance Pilot Project
Summary Guidelines**

<p>1. Program Overview</p>	<p>This schedule applies to applications initiated after the effective date of the Seventeenth Amendment to Commitment to Purchase Financial Instrument and HFA Participation Agreement.</p> <p>The Loan Refinancing Assistance Pilot Project will target Oregon homeowners with negative equity mortgages, who have recovered from unemployment, underemployment or financial distress and show the capability to pay a mortgage payment based on a principal amount reflective of the current market value of the home. There are two structures that will be utilized to accomplish the refinance, depending on restrictions affecting the loan holder.</p> <p>Loan Purchase Structure: Under the Loan Purchase Structure, OAHAC, after review and approval by Oregon Housing and Community Services (OHCS), will provide funding for the purchase of loans on behalf of homeowners. All as part of one concurrent and seamless transaction, the loan will be purchased in accordance with a funding agreement with OAHAC, for a price that is at or below the current appraised value and at least 10 percent below the current unpaid principal balance of the loan. A new, affordable loan based on a principal amount equal to or lesser than the home’s current appraised value will be originated.</p> <p>Short Sale Structure: The Short Sale Structure will be utilized in the event the holder of the loan is subject to certain restrictions, operationally and/or legally, with respect to a loan sale transaction. In this scenario, OAHAC will utilize its contractor, Further 2 Development LLC (“Further”), to facilitate a short sale. All as part of one concurrent and seamless transaction, the home will be sold to Further for a price that is at or below the current appraised value and at least 10% below the current unpaid principal balance of the loan. Title to the home will be transferred to Further and then back to the homeowner through a newly originated affordable loan for the homeowner at a principal amount equal to or lesser than the home’s current appraised value. That new loan will be assigned to OHCS, in accordance with a funding agreement with OAHAC.</p> <p>The end result will be the same under either structure: the homeowner remains in the home with a new, affordable loan.</p>
