The meeting was called to order by  
Mr. Lehnert at approximately 3:05 p.m. EDT.

Upon commencement of the  
meeting, Representatives discussed draft  
minutes for the Board’s previous meeting,  
held on Thursday, March 23, 2020. The  
minutes for that meeting had been circulated  
and reviewed by Representatives in advance.  
Upon a motion duly made and seconded,  
Representatives voted to approve the minutes  
of the meeting, subject to such technical  
revisions by Representatives as deemed  
necessary.

Treasury officials provided the  
Representatives with an update on the  
programs Treasury established under the  
Troubled Asset Relief Program (“TARP”).  
The meeting discussion predominantly focused  
on the Capital Purchase Program (“CPP”); the  
Community Development Capital Initiative  
(“CDCI”); and the Making Home Affordable  
(“MHA”) and Hardest Hit Fund (“HHF”)  
initiatives. Included in the materials  
distributed in advance of the meeting was the

latest monthly report issued by Treasury under Section 105(a) of the Emergency Economic Stabilization Act (“Monthly Report”), which contained information related to programs established by Treasury under TARP and aggregate information regarding the allocated and disbursed amounts under TARP. Throughout the meeting, Representatives raised and discussed issues relevant to the policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of March 31, 2020, Treasury had disbursed a total of \$442.25 billion, including approximately \$411.72 billion under TARP investment programs and approximately \$30.53 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443 billion.

Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. As of April 20, the CPP portfolio stood at 2 institutions, with a total outstanding invested amount of \$17.4 million.

Treasury officials next reported on the status of the CDCI program. As of April 20, the CDCI portfolio stood at 4 institutions, with a total outstanding invested amount of roughly \$20.2 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations Act, 2016, the MHA program

terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such, there was no change in the number of homeowner assistance actions under MHA for March.

Treasury officials next discussed recent developments in the HHF program. As of March 31, 2020, Housing Finance Agencies in the nineteen eligible jurisdictions had disbursed approximately \$8.6 billion in program funds (\$9.5 billion in total program and administrative funds), and drawn down \$9.4 billion in total funds. During March, program changes were approved for the state of North Carolina.

Representatives and officials then engaged in a roundtable discussion relating to recent HHF activities and research evaluating mortgage assistance programs under HHF. As part of the discussion, Federal Reserve Board officials provided a review and analysis of recent research.

Finally, Representatives and staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 3:39 p.m. EDT.
