The meeting was called to order by
Mr. Wilcox at approximately 11:30 a.m. EDT.

Upon commencement of the meeting, Representatives discussed draft minutes for the Board’s previous meeting, held on Thursday, March 29, 2018. The minutes for that meeting had been circulated and reviewed by Representatives in advance. Upon a motion duly made and seconded, the Representatives voted to approve the minutes of the meeting, subject to such technical revisions by the Representatives as deemed necessary.

Next, Treasury officials provided the Representatives with an update on the programs Treasury established under the Troubled Asset Relief Program (“TARP”). The meeting discussion predominantly focused on the Capital Purchase Program (“CPP”); the Community Development Capital Initiative (“CDCI”); and the Making Home Affordable (“MHA”) and Hardest Hit Fund (“HHF”) initiatives. Included in the materials distributed in advance of the meeting was the latest monthly report issued by Treasury under Section 105(a) of the Emergency Economic Stabilization Act (“Monthly Report”), which contained information related to programs established by Treasury under TARP and aggregate information regarding the allocated and disbursed amounts under TARP.

Throughout the meeting, Representatives raised and discussed issues relevant to the policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of March 31, 2018, Treasury had disbursed a total of \$439.3 billion, including approximately \$411.7 billion under TARP investment programs and approximately \$27.6 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443.0 billion.

Next, Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. With no transactions in March, some 5 institutions remained in the portfolio, with a total outstanding invested amount of \$45 million.

Treasury officials next reported on the status of the CDCI program. During March, three institutions (IBC Bancorp, Inc., Carter Federal Credit Union, and Episcopal Community Federal Credit Union) repurchased in full their remaining outstanding investments, with combined proceeds of about \$12 million. As of March 31, the CDCI portfolio stood at 16 institutions, with a total outstanding invested amount of roughly \$56 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations

Act, 2016, the MHA program terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such there was no change in the number of homeowner assistance actions under MHA for March.

Treasury officials next discussed recent developments in the HHF program. As of March 31, 2018, Housing Finance Agencies in the nineteen eligible jurisdictions had disbursed approximately \$7.3 billion in program funds (\$8.1 billion in total program and administrative funds), and drawn down \$8.8 billion in total funds. During March, HHF program changes were approved for the states of Alabama and California.

Finally, staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 11:42 a.m. EDT.
