**Florida Hardest Hit Fund**  
**Mortgage Intervention Strategy**  
**Summary Guidelines**

### 1. Program Overview

The Mortgage Intervention Strategy focuses on the creation of a sustainable solution to keep Florida unemployed or substantially underemployed homeowners in their current homes by helping those who are struggling to make their current mortgage payments because of hardships sustained since purchasing the home. Florida Housing will use HHF Program funds to pay up to eighteen months of all or a portion of the mortgage payments on behalf of a qualified homeowner based on the criteria and requirements of each servicer. This will provide a reasonable period of time for homeowners to become re-employed at a salary that is sufficient for them to either resume making full mortgage payments or qualify for a mortgage modification that will lower the payments and terms of the mortgage to an affordable level.

### 2. Program Goals

- Preserving homeownership.  
- Protecting home values.

### 3. Target Population/Areas

To determine geographic targeting for HHF Program funding, Florida Housing carried out an analysis of data, relying on data similar to that used by Treasury to allocate funding, to determine the hardest hit areas of the state. Florida Housing evaluated three measures across all 67 Florida counties – housing price decline from peak prices, unemployment rate and seriously delinquent mortgage loans – and then combined ratios for each to create an allocation methodology that will guide how funding is geographically targeted.

### 4. Program Allocation (Excluding Administrative Expenses)

$992,288,386.00.

### 5. Borrower Eligibility Criteria

- At least one co-borrower must be able to document that he or she is unemployed or substantially underemployed through no fault of his/her own and must provide a financial hardship affidavit.  
- The maximum household income level for participation will be 140% of the Area Median Income (AMI).  
- Borrowers who have unencumbered assets or cash reserves (not including retirement or qualified education plans) equal to or exceeding three times the total monthly mortgage payment (including tax and insurance payments) or $5,000,
whichever is greater, must first use those assets towards mortgage payments before being eligible for HHF Program funds.

<tr>
<th>8. Structure of Assistance</th>
<th>HHF Program funds under the Mortgage Intervention Strategy will be made available to homeowners in the form of a zero-percent interest, non-recourse, forgivable loan. This loan will be evidenced by a Note and Mortgage in favor of Florida Housing. Once the homeowner resumes making mortgage payments on his/her own, the forgivable provisions of the loan will begin. The loan will be forgiven over a 5 year period, at a rate of 20% per year as long as the borrower remains current on their first mortgage and continues to live in the house as their principal residence.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>During the five year forgiveness period, Florida Housing, or its designated loan servicer, will be making annual residency verifications to ensure continued principal residence status and will verify payment history on the first mortgage loan during the previous 12 month period.</td>

the event there are sufficient equity proceeds from the sale. If there is not enough equity in the home to repay the entire amount due, Florida Housing will forgive the excess portion or all of the remaining principal balance so as to not create additional hardships on the seller at closing. Any loans repaid will be recycled back into the program and used to provide assistance to additional homeowners for the duration of the program up to December 31, 2017. After December 31, 2017, all funds remaining or received shall be returned to Treasury.

<td>14. Program Interactions with HAMP</td>

Implementing the program in this order is the most beneficial to the customer and investor since payments would continue to be made instead of capitalized and no late charges or adverse credit reporting would occur. If the borrower has already been through an UP forbearance before applying for this program, then this program may follow UP.</td>

<td>15. Program Leverage with Other Financial Resources</td>
