The Chairperson called the executive session of the meeting of the Financial Stability Oversight Council (Council) to order at approximately 2:01 P.M. (EDT). The Council convened by teleconference to discuss financial markets and infrastructure as Hurricane Sandy approached the Eastern Seaboard.

The Chairperson led a discussion regarding financial markets and infrastructure. The Council received briefings regarding conditions in equity, bond, swap, commodities, and futures markets; bank and federal savings association office closings in areas affected by the storm; and Treasury auctions that had occurred earlier that day. After the briefings, members of the Council had a discussion. The Chairperson said that Council members should stay in close communication as the situation developed.

The Chairperson adjourned the meeting at approximately 2:33 P.M. (EDT).
