

**ROAD CARRIERS – LOCAL 707 PENSION FUND
SUSPENSION APPLICATION**

EXHIBIT 6

**BALLOT ON THE PROPOSED SUSPENSION OF BENEFITS FOR THE
ROAD CARRIERS - LOCAL 707 PENSION FUND**

The proposed suspension of benefits under the Road Carriers Local 707 Pension Fund (the "Fund") is explained in a notice to you dated [insert date]. It is now time to vote on the proposed suspension. As you consider whether to vote for or against the suspension, please keep the following in mind:

The proposed benefit suspension will apply to all of the Plan's pensioners and future pensioners. The proposed suspension will reduce all pensioners' pension benefits to 110 percent of the Pension Benefit Guaranty Corporation's (the "PBGC") guarantee. The proposed suspension will remain in effect indefinitely and can't be changed unless it doesn't increase the liabilities of the plan. The effect of the suspension on your benefit is shown on the statement delivered with this ballot.

The proposed suspension has already been approved by the PBGC and the Secretary of the Treasury, in consultation with the Secretary of Labor.

The Fund's Trustees support the proposed suspension, because you will receive a larger benefit than if the Fund became insolvent ("insolvent" meaning that the Fund does not have enough assets to pay benefits). Although the exact date is unknown, unless the proposed suspension takes effect, the Fund will be insolvent during the plan year starting on February 1, 2017. The Fund's insolvency will result in benefits lower than benefits paid under the proposed suspension. In addition, the PBGC, which subsidizes the benefits of insolvent funds might also run out of money, if this Fund and other funds become insolvent. In the event the PBGC runs out of money, your benefit will most likely be lower than benefits otherwise paid in the case of the Fund's insolvency. Additionally, if the Fund becomes insolvent there is no possibility of the benefit reductions being reinstated or future accruals increasing.

Taking into account the proposed suspension of benefits and financial assistance from the PBGC, the Fund's actuary has certified that insolvency will be avoided. Although not certain, it represents the actuary's best projection based on all available data.

The proposed suspension will go into effect unless a majority of all eligible voters reject it. A failure to vote has the same effect on the outcome as a vote in favor of the proposed suspension. To register your vote, please check one of the two boxes below, sign and print your name, date this ballot, and return the completed ballot to the Board of Trustees, by [insert].

I approve the suspension of benefits.

I reject the suspension of benefits.
